INDEPENDENT AUDITOR'S REPORT ON PERFORMANCE

Governing Board
Solana Beach School District
Solana Beach, California

We were engaged to conduct a close-out performance audit of the Solana Beach School District's (the District) School Facilities Program Project No. 50/68387-00-002.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit was limited to the objectives listed within the report which includes determining the District's compliance with the performance requirements as referred to in Education Code Section 41024 for a Local Education Agency (LEA) agency that receives any funds, commencing April 1, 2017, pursuant to the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1 of the Education Code) and the *2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting – Appendix B*, issued by the California Education Audit Appeals Panel. Management is responsible for the District's compliance with those requirements.

In planning and performing our performance audit, we obtained an understanding of the District's internal control in order to determine if the internal controls were adequate to help ensure the District's compliance with the requirements of Education Code Section 41024 for an LEA agency that receives any funds, commencing April 1, 2017, pursuant to the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1 of the Education Code) and the *2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting – Appendix B*, issued by the California Education Audit Appeals Panel, but not for the purpose of expressing an opinion of the effectiveness of the District's internal controls. Accordingly, we do not express an opinion on the effectiveness of the District's internal controls. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The results of our tests indicated that the District expended School Facilities Program funds in accordance with Education Code Section 41024 for an LEA agency that receives any funds, commencing April 1, 2017, pursuant to the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1 of the Education Code) and the *2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting – Appendix B*, issued by the California Education Audit Appeals Panel, with the exception of Finding #1 which is described in the accompanying Schedule of School Facility Program Summary of Audit Findings.

This report is intended solely for the information and use of the District and is not intended to be and should not be used by anyone other than this specified party.

OBJECTIVES, SCOPE AND METHODOLOGY
PROJECT NO. 50/68387-00-002**

On November 8, 2016, California voters approved Proposition 51, the California Public School Facility Bonds Initiative, which authorizes \$9 billion in general obligation bonds to fund construction and improvement of K-12 and community college facilities. The measure designates \$7 billion for K-12 projects falling under four types of projects (new construction, modernization, career technical education facilities, and charter school facilities), and \$2 billion for any facility project for community colleges.

AUDIT OBJECTIVE

Determine whether funds identified by the District on its detailed list of expenditures have been expended in accordance with the requirements of the Leroy F. Greene School Facilities Act of 1998 associated regulations, grant agreements and the *2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting – Appendix B*.

AUDIT SCOPE

Our performance audit will be carried out in accordance with standards generally accepted in the United States of America and *Government Auditing Standards*. The scope of our performance audit includes all expenditures reported on the final form SAB 50-06 and Detailed Listing of Project Expenditures (DLOPE).

AUDIT METHODOLOGY

We obtained the Detailed Listing of Project Expenditures (DLOPE) for the close-out audit and the District's corresponding general ledger for the Non-Financial Hardship Project Number 50/68387-00-002. We performed the following procedures:

- Verify the District has maintained over the course of the project a general ledger that reflects expenditures at a project-specific level that includes fund, resource, project year, goal, function, and object codes for all expenditures for the project. Verify the final Detailed Listing of Project Expenditures (DLOPE) grand total for the project reconciles back to the district's general ledger grand total for the project.
- Verify any statutorily required District matching funds have been deposited in the County School Facility Fund or expended by the District from the matching funding source prior to the "Notice of Completion" by inspecting the SAB's project approval document for the applicable project and supporting accounting records provided by the District.
- Determine whether expenditures have been expended in accordance with the laws and regulations governing the SFP and were made within an eligible time frame by selecting a representative sample of project expenditures reported on the final form SAB 50-06 and DLOPE in order to agree and trace expenditures to supporting documentation.
- For construction contracts sampled, including change order amounts, inspect documentation substantiating compliance with provisions of the Public Contract Code concerning competitive bidding.
- Inspect supporting documentation for any transfers of SFP funds out of Fund 35 (School Facility Fund) to other LEA funds and determine if they are allowable.

OBJECTIVES, SCOPE AND METHODOLOGY, continued
PROJECT NO. 50/68387-00-002**

AUDIT METHODOLOGY (continued)

- Agree and trace any interest reported on the final Form SAB 50-06 to amounts recorded in the general ledger and other interest documentation.
- Identify if the project received a separate grant for site purchase and agree and trace the reported amount for the site purchase back to source documents such as the final escrow amount or court orders in condemnation.
- Verify the LEA has established and funded a "Restricted Maintenance Account" for the exclusive purpose of providing ongoing and major maintenance of school buildings and has developed an ongoing major maintenance plan.

CONCLUSION

The results of our tests indicated that, in all significant respects, the Solana Beach School District has properly accounted for the expenditures related to Non-Financial Hardship Project No. 50/68387-00-002 and that such expenditures were made for authorized purposes. However, we noted one exception (Finding #1) which is described in the accompanying Schedule of School Facility Program Summary of Audit Findings.

RESPONSIBLE OFFICIALS
PROJECT NO. 50/68387-00-002**

Finding #1 – Ongoing Major Maintenance Plan

Finding: Based on inquiry with District management, the District has not yet developed an ongoing major maintenance plan that complies with and is implemented under the provisions of Education Code Sections 17070.75 and 17070.77, and Grant Agreement Section D, Paragraph 3. We recommend that the District prepare and implement an ongoing major maintenance plan that conforms with the requirements referenced above as soon as possible.

Views of Responsible Officials: The District agrees with the results of the performance audit.
